

Prestige International is the largest ergonomic workstation products and accessories distributor in the United States. We currently represent some of the industries biggest name manufacturers such as:

- ▶ As an exclusive ergonomic manufacturers' distributor, Prestige International is committed to represent only the best products in their specific categories. Prestige has developed a close relationship with its long list of ergonomic product resellers, major dot coms and retailers worldwide. Our personal relationships with the ergonomic decision makers in some of the world's largest companies, has helped our resellers increase sales and helped the manufacturers that we represent reach millions of dollars in revenue.

OUR MISSION

Promote healthy living & sustainability with a line of award winning ergonomic input devices & computer workstation products

How we market:

- ▶ Prestige International has a large group of ergonomic resellers that are well known and established in the ergonomic market place and we are continually updating this group to provide the best possible availability of products to the customer.
- ▶ Just to name a few:

The main focus of Prestige is to focus on your Brand identity.

We always utilize the Brand name before anything else in all aspects of marketing for flyers, emails, tradeshow, etc.

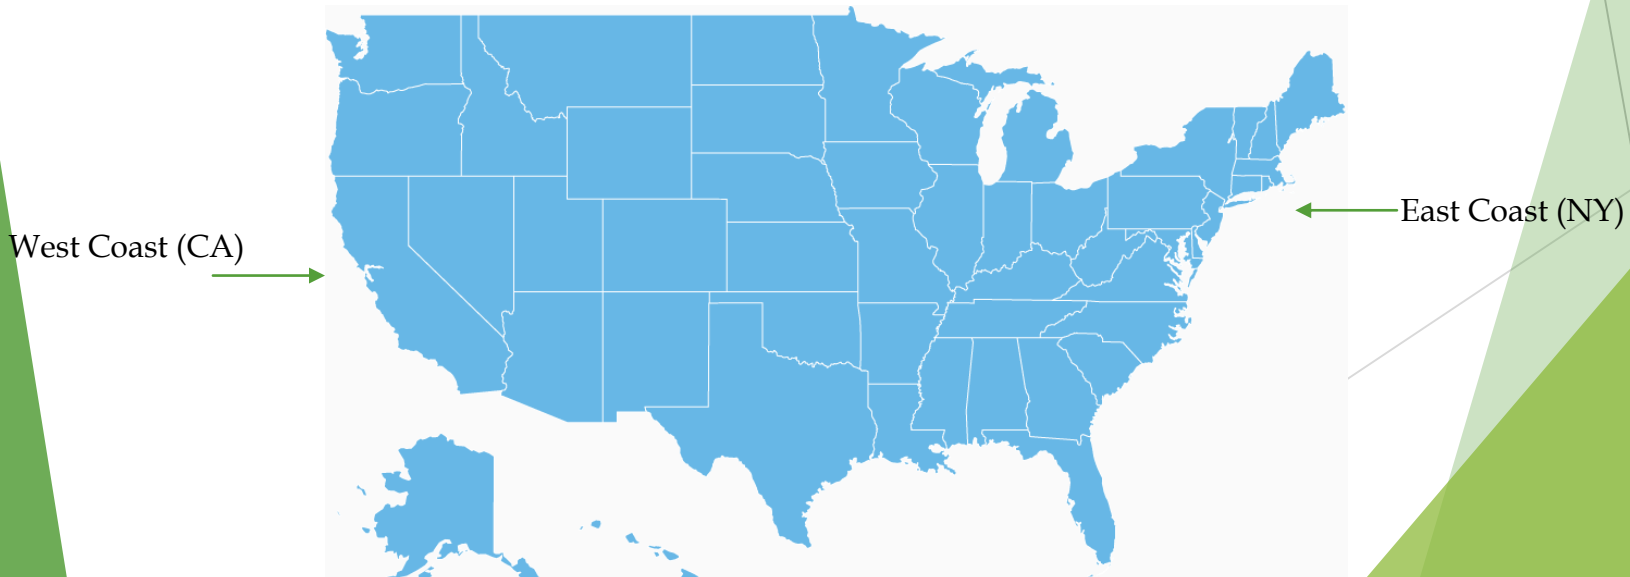

2018 Tradeshow:

Distribution capabilities:

- ▶ Prestige provides services such as large inventory (warehouses located throughout the United States), marketing, exposure of products through major trade shows, drop shipping, technical support and customer service respectively.
- ▶ Prestige has warehouses on the East and West coasts along with over 100 various warehouses of our stocking resellers.

- ▶ With our traditional resellers, we also have our products displayed on hundreds of dot com websites through information technology supply chain service companies such as Synnex and New Age.
- ▶ Traditional resellers, just to name a few:

- ▶ These companies distribute technology products from more than 200 IT, CE, and OEM suppliers to more than 20,000 resellers, system integrators, and retailers throughout the United States, Canada, Japan, and Mexico. Their focused product categories include IT systems, peripherals, system components, software, networking equipment, CE, and complementary products.
