

# Evoluent™ VerticalMouse™ 3 Wireless

Part no.: VM3W-R

## Approved ergonomic mouse of University of California at Berkeley

The Evoluent VerticalMouse 2 was evaluated in 2007 by a team at the health services clinic in UC Berkeley, including medical doctors, physical therapists, ergonomists, and administrators. It was found to be comfortable, easily adapted to, and promote a neutral wrist and forearm posture. It is the only vertical type mouse approved for staff use within UC Berkeley and for sale in the campus store.

- **2.4 GHz Wireless**  
Resistant to interference. Up to 30 foot range.
- **Ultra slim USB receiver**  
Does not block adjacent USB ports.
- **3 month battery life**  
Estimated battery life under typical use with non-chargeable AA batteries. The sensor never sleeps so pointer response is always instantaneous.
- **Precision tracking**  
The high quality optical sensor tracks more accurately than many wireless laser mice so you don't waste time chasing the pointer.
- **1200 dpi true hardware resolution**  
The high resolution sensor moves the pointer more quickly to reduce hand movements.
- **Eliminates forearm twisting**  
The patented shape supports your hand in a fully upright handshake position that eliminates forearm twisting. Many users said earlier generations of the Evoluent VerticalMouse relieved their hand, wrist, or arm pain. See the Evoluent web site for user comments.
- **Familiar grip**  
The grip is the same as an ordinary mouse's, just turned sideways. Many users said they got used to it very quickly.
- **Easy to use buttons**  
All 5 buttons are easily operable without contorting your fingers.
- **Fits different size hands**  
The new shape fits larger hands as well as smaller hands.
- **Prevents desk rubbing**  
A small lip on the bottom edge prevents the little finger from rubbing the desk.
- **Highly programmable**  
5 buttons are each programmable with different functions in different applications, for example, a button can be Double Click in one application and Ctrl in another application.

## Relieved Wrist and Arm Pain

Many users said the Evoluent VerticalMouse series relieved their wrist and arm pain. These are some of their comments. There are many other similar comments on the Evoluent web site, as well as on numerous product review and shopping web sites.

"I have already begun to heartily recommend the use of the Vertical Mouse 2 to my Occupational Medicine colleagues and to my patients"  
Alan C. Bean, MD

"Within minutes of using the vertical mouse, I felt immediate relief. The design of the mouse puts the forearm in a completely neutral position"  
Peter Polack, MD

"In every case the user was feeling better and wanted an Evoluent permanently."  
Scott Branstetter, Environmental Health and Safety Manager

"I have specified and recommended the Evoluent many times since discovering it and have had great success with your mouse in reducing discomfort for mouse users"  
Robert Stuthridge, Senior Ergonomist

"VM saved me from the pain, scars and inconvenience of surgery."  
Laura GoodWin Kabel

"My wrist pain and carpal tunnel sx resolved in less than 1 week."  
Bill Edwards

"Its perfect, it completely solved my problem, no more pain, no more CTS symptoms!"  
Russell Oppenheimer

"After a month, I had practically no pain in my entire arm."  
Olivia Bartlett

"The Vertical Mouse 2 is THE ONLY mouse I have used that does not cause me pain"  
Courtney Killian

### Specifications

Dimensions: 4.45" x 3.15" x 3.03" (113 mm x 80 mm x 77 mm)  
Net Weight: 6.7 oz (189 g) with 2 alkaline AA batteries (included)  
Package dimensions: 5.3" x 3.5" x 3.5" (135 mm x 90 mm x 90 mm)  
Gross weight with package:  
UPC: 852153010661

### PC

- Drivers for Windows XP 32 bit and Vista 32 bit.
- USB only (not PS2 compatible).

### Mac

- 2 buttons in OS X without a driver.

### Linux

- 3 buttons without a driver.

### Unix

- Compatibility unknown.

Carton quantity: 20 pieces

Carton gross weight:

Carton dimensions: 18.9" x 11.4" x 7.9" (480 mm x 290 mm 200 mm)

Carton volume: 0.02784 CBM
